

**ORTHOPAEDIC HOSPITAL OF WISCONSIN
AMOUNT GENERALLY BILLED CALCULATION
May 1, 2023**

Orthopaedic Hospital of Wisconsin calculates one AGB percentage using the “look-back” method and including Medicare fee-for-service and all private health insurers that pay claims to OHOW all in accordance with IRS Reg. Sec. 1.501(r)-5(b)(3), 1.501(r)-5(b)(3)(ii)(B) and 1.501(r)-5(b)(3)(iii). The details of the calculation and AGB percentage are described below.

The AGB percentage for OHOW is as follows:

AGB: 34.15%

This AGB percentage is calculated by dividing the sum of the amounts of all of the OHOW’s claims for medically necessary care that have been allowed by Medicare fee-for-service and all private health insurers that pay claims to OHOW by the sum of the associated gross charges for those claims. The only claims that are utilized for purposes of determining the AGB are those that were allowed by a health insurer during the 12-month period prior to the AGB calculation (rather than those claims that relate to care provided during the prior 12 months).
